THE TRIENNIAL AND QUINQUENNIAL CATALOGUES

PROBABLY the first complete catalogue of the graduates of Harvard University was the one which was published in the form of a broadside in 1674. The next catalogue appears to have been issued in 1682. After that year it seems probable that the list of graduates was issued triennially. The names were given in Latin, and the list was printed as a broadside until 1776, when the first catalogue in octavo form was issued. Since 1875 the catalogue has been printed at five-year intervals, and since 1890 the names of graduates have been given in English. In the 1915 edition of the catalogue, certain distinctions received at graduation were inserted for the first time in the class lists. A detailed statement of the honors printed in this catalogue is given in the note on page 137.

1916 The Corporation and Overseers voted that the recipients of all degrees heretofore or hereafter granted by Harvard College, other than the recipients of the degrees of Bachelor of Arts, Master of Arts, and Honorary Degrees, whose rights were fixed by Chapter 173 of the Acts of 1865 as amended, shall be entitled to vote for Overseers to the same extent to which recipients of the degree of Bachelor of Arts may now so vote and under the same restrictions.

1921 Under further authority the Corporation and Overseers adopted rules and regulations for voting by postal ballot in the election of members of the Board of Overseers.

THE BEQUEST OF JOHN HARVARD

From "College Book, No. III," page 1

The Reverend mr John Harvard sometimes
Minister of Gods Word at Charlstown
by his last will & Testament gave towards the
erecting the above'd School or Colledge, the one moiety
or halfe part of his Estate, the 2d moiety amount-
ing to the sum of Seven hundred Seventy nine pound
Seven teen Shillings and two pence.

From "New England's First Fruits, 1643," page 12

AFter God had carried us safe to *New-England*, and wee had builded our houses, provided necessaries for our liveli-hood, rear'd convenient places for Gods worship, and setled the Civill Government: One of the next things we longed for, and looked after was to advance *Learning*, and perpetuate it to Posterity; dreading to leave an illiterate Ministery to the Churches, when our present Ministers shall lie in the Dust. And as wee were thinking and consulting how to effect this great Work; it pleased God to stir up the heart of one Mr. *Harvard* (a godly Gentleman, and a lover of Learning, there living amongst us.) to give the one halfe of his Estate (it being in all about 1700. l.) towards the erecting of a Colledge, and all his Library: after him another gave 300. l. others after them cast in more, and the publique hand of the State added the rest: the Colledge was, by common consent, appointed to be at *Cambridge*, (a place very pleasant and accommodate and is called (according to the name of the first founder) *Harvard Colledge*.

OVERSEERS

1637

Appointed November 20, 1637, by the General Court, "to take order for a colledge at Newetowne."

John Winthrop, Thomas Dudley, Richard Bellingham, John Humfrey, Roger Harlakenden (died 1638), Israel Stoughton, John Cotton, John Wilson, John Davenport, Thomas Welde, Thomas Shepard, Hugh Peters. *Mass. Colony Records*, I, 217.

John Endicott.[1]

1642

"The *Governor* and *Deputy Governor* for the time being, and all the *magistrates* of this jurisdiction, together with the *teaching elders* of the six next adjoining towns, viz. Cambridge, Watertown, Charlestown, Boston, Roxbury, and Dorchester, and the *President* of the College for the time being." *Order of September* 27, 1642 (page 4).

1697, 1700

The *Governor* and *Council* for the time being.[2]

1707

The organization established in 1642 restored. *Resolve of December* 6, 1707.

1780

The *Governor*, *Lieutenant-Governor*, *Council*, and *Senate* of the Commonwealth, with the *President* of the College, for the time being, and the *Ministers* of the Congregational Churches in the towns of Cambridge, Watertown, Charlestown, Boston, Roxbury, and Dorchester. *Constitution of Massachusetts, ch.* V. *sec.* i. *art.* 3 (*June* 15, 1780).

1810

The *Governor*, *Lieutenant-Governor*, *Council*, *President* of the Senate, and *Speaker* of the House of Representatives of the Commonwealth, and the *President* of the College, for the time being, with fifteen *Ministers* of Congregational Churches, and the following persons by election. *Act of March* 6, 1810: *accepted by the President and Fellows, March* 16; *by the Overseers, April* 12.[3]

[1] John Endicott as Deputy Governor is found among the Overseers on the Commencement Theses of 1642 as printed in *New England's First Fruits* (London, 1643). In the same publication the statement (evidently written before September 27, 1642) is made: "Over the Colledge are twelve Overseers chosen by the General Court, six of them are of the Magistrates, the other six of the Ministers, who are to promote the best good of it, and (having a power of influence into all persons in it) are to see that every one be diligent and proficient in his proper place." (Page 13.)

[2] The Charter of 1692, which, though duly passed by the legislature, was neither approved by the King nor accepted by the College, made no provision whatever for a board of Overseers or Visitors, all power being placed in the Corporation.

The Charter of 1697 was likewise returned without approval by the King, but the College was for a period conducted under its provisions. The Governor and Council were to "have, use, and exercise a power of visitation as there shall be occasion for it," but their relation to the Corporation was not defined with exactness.

The bill of 1699, which was not signed by Governor Bellamont, assigned the power of visitation to the "King and his Governor."

The Charter of 1700, which, like that of 1697, was for a time acknowledged by the College, though not approved by the King, reserved a power of visitation to the Governor and Council.

[3] Fifteen laymen were to be elected, upon acceptance of the act, by the old Board of Overseers, and were so elected, May 10, 1810; the fifteen ministers already members of the Board continued in office. Members were to hold office so long as they remained inhabitants of the State, unless removed by the Board for cause; but a minister who ceased to hold the ministerial relation he held when the act was accepted, or at the time of his election, thereby vacated his place in the Board. The Board was empowered to elect new members to fill vacancies occurring among either class.

[1] The Act of 1810 (March 6) was repealed by an act of February 29, 1812, and the Board of Overseers re-established as it had existed prior to 1810. The validity of the Act of 1812, which did not provide for submission of the Act to the Corporation and Overseers for their approval, was denied by these bodies but it was regarded as inexpedient to press the point, and the restored Board conducted business from June 3, 1812, until the re-establishment of the Board of 1810 by the Act of February 28, 1814.

ALPHABETICAL LIST OF OFFICERS OF GOVERNMENT AND INSTRUCTION

In this list all positions held at Harvard University (with the exception of assistantships, teaching fellowships, and appointments of like character) are recorded with the dates when the postions were held. Since 1911 every Professor appointed without limit of time and retiring on account of age after long and faithful service is enrolled as Professor Emeritus from the date of his resignation. Hence no reference to such enrollment after 1911 is made. Certain distinctions awarded by other institutions are entered under the names of those officers who have not received a degree from Harvard University Since 1920 these distinctions are entered under the names of Professors and Associate Professors only. Similar information concerning Harvard graduates is printed in the Class Lists. A statement of the honors which are recorded in the Quinquennial Catalogue will be found in the Note on page 137.

NOTE

Under votes of the Corporation and Overseers the following facts are entered in the Quinquennial Catalogue.

In the Class lists record is made of certain honors, degrees, and positions held, in the past as well as in the present, by graduates. The following paragraphs show concisely what honors, degrees, and positions are thus recorded, and the manner in which they are indicated.

The arrangement is as follows: order of rank in scholarship; honors and distinctions received at graduation; Bowdoin Prizes; Harvard degrees, followed by degrees conferred by other institutions arranged chronologically; professorships and government appointments; membership in learned societies; judgeships; foreign orders and titles.

1. Degrees conferred by Harvard University and other universities, colleges and professional schools of recognized standing.

Honorary degrees are distinguished from those obtained by examination.

The designation of a degree is followed by the name of the institution conferring it, and by the date; but degrees conferred by Harvard University are followed by the date only, and the degree of Master of Arts, formerly taken in course (that is, three years after the date of the Bachelor's degree) appears without date until 1869; since 1869, the degree of Master of Arts, except as an honorary degree, has been given only on examination.

Graduates who have received their degrees out of course are placed with their respective classes, and the date when the degree was conferred follows immediately after the name.

The completion of the regular course at a professional school which confers no degree is indicated by the abbreviation (*grad.*) followed by the name of the institution and the date when the course was completed.

The first ten scholars in each class are indicated by italic numerals (1) to (10), in the order of their rank so far as they can be ascertained, and until the ranking in this way was discontinued. The rank is thus noted under the Bachelors of Arts in the classes of 1777–1887.

The undergraduate winners of the first Bowdoin Prize are indicated by the abbreviation (*Bowd.*).

Certain distinctions received at graduation are inserted after the names of Bachelors of Arts and Bachelors of Science; *cum laude*, *magna cum laude*, and *summa cum laude* are indicated by initial letters in italics (*c.l.*, *m.c.l.*, *s.c.l.*), and the special subjects in which graduates have received distinction or honors are mentioned in brackets. Final Honors are indicated by subjects in italics, followed by the abbreviation (*sum.*) when highest honors are received.

Degrees for honorable service in the war against the Central Powers were first conferred in the year 1919, and are awarded to those men who had completed three quarters of their regular work for the degree, and whose service with the forces of the United States or the other countries involved the sacrifice of a part of their college work.

The italic *w* is appended to the names of such men as received this degree. They are recorded in their respective classes under the Bachelors of Arts or Bachelors of Science.

Graduates who received a war degree and returned to complete the work for a regular degree are entered only in the class with which they received the regular degree.

2. Offices in Harvard University: President; Fellow; Treasurer; Overseer (by election); Professor; Tutor (to 1825); Dean; Librarian; Director; and offices of like character. Since 1911 every Professor appointed without limit of time and retiring on account of age after long and faithful service is enrolled as Professor Emeritus from the date of his resignation. Hence no reference to such enrollment after 1911 is made. Where after 1850 a man appears both in the list of Officers of Government and Instruction and also in a Class List, but his official connection with the University is such that it is not shown in the Class List, the phrase (*see Off. List*) appears after his name in the Class List.

3. Permanent professorial appointments in other universities, colleges, and professional schools of recognized standing.

4. Professional appointments of high grade under the United States government, or other governments.

5. Membership in foreign societies of high standing, provided such membership is regarded by those societies as an honorable distinction and provided the societies are accepted by the committee on societies or by the Corporation.

6. Membership in the National Academy of Sciences; American Academy of Arts and Sciences; American Philosophical Society; Massachusetts Historical Society.

7. Offices under the United States government: President; Vice President; President of the Senate (when not the Vice President); Member of the Cabinet; Senator; Speaker and Member of the House of Representatives; Ambassador; Minister; Chief Justice and Justice of the Supreme Court; Chief Justice and Judge of the Court of Claims; Judge of a Circuit or District Court; Major-General and higher ranks (not by brevet); Rear Admiral and higher ranks; since 1900 Assistant Secretary of State, Assistant Secretary of the Treasury, and the Solicitor General of the United States.

8. Offices under the State governments: Governor; Chief Justice and Justice of the Highest State Court; also Governors of Territories, Chief Justice and Justice of the Highest Court in Territories and in the District of Columbia.

9. Offices of similar grade, and honorary appointments, under foreign governments.

w indicates that the holder of the degree completed at least three fourths of his college work, but owing to military service was unable to finish the whole course.

The abbreviations used in the Quinquennial are, in general, self-explanatory. The Latin abbreviations are commonly used for degrees (S.T.B. = B.D., S.T.D. = D.D.), but the degree of Doctor of Civil Law is indicated by D.C.L., and for technical degrees the English abbreviations are given.

All who use the Quinquennial are urged to send additions, corrections, and information of deaths or other changes, to the Editor of the Quinquennial Catalogue, Cambridge, Mass.

BACHELORS OF ARTS AND BACHELORS OF SCIENCE (IN HARVARD COLLEGE)

A.B., S.B.

From 1642 to 1772, inclusive, the names of graduates are arranged in the classes according to their social rank, in an order established for each class during the Freshman year. Since 1772 the names in each class are arranged in alphabetical order.

Since 1906 the degree of Bachelor of Science without designated field of study has been conferred under Harvard College. The list of Bachelors of Science under Harvard College in each year follows the list of Bachelors of Arts for such year. The list of Bachelors of Science conferred under other departments will be found on page 532.

BACHELORS OF SCIENCE

S.B.

From 1851 to 1910, inclusive, the degree of Bachelor of Science was conferred under the Lawrence Scientific School.

Since 1906 the degree of Bachelor of Science without designated field of study has been conferred under Harvard College; this degree is non-professional. The list of Bachelors of Science conferred under Harvard College in each year follows the list of Bachelors of Arts for such years.

From 1911 to 1915, both inclusive, the professional degree of Bachelor of Science was not conferred; during this period the Graduate Schools of Applied Science were conferring degrees of higher grade.

From 1916 to 1921 the degree of Bachelor of Science was conferred upon students under an agreement made between the University and the Massachusetts Institute of Technology.

Since 1919 the degree of Bachelor of Science with designation of the field of professional study has been conferred under the Harvard Engineering School.

A.B. or S.B., followed by a date only, denotes that the full record is given in the list of Bachelors of Arts or Bachelors of Science under the year indicated; otherwise the record is under the earliest degree received.

DOCTORS OF PHILOSOPHY, DOCTORS OF SCIENCE, MASTERS OF ARTS, AND MASTERS OF SCIENCE

PH.D., S.D., A.M., S.M.

The Graduate Department was established in 1872. In 1890 it received the name Graduate School, and in 1905 that of the Graduate School of Arts and Sciences. From 1642 to 1869 the degree of Master of Arts was given in course and is recorded in the list of Bachelors of Arts. (See note on page 137.) Since 1909 S.D. and S.M. have not been conferred in the Graduate School of Arts and Sciences except upon students enrolled as candidates for degrees before that date. S.D. and S.M. conferred since 1909 may be found in the list of Masters in Engineering etc. or in the list of Bachelors of Agricultural Science etc.

A.B. or S.B., followed by a date only, denotes that the full record is given in the list of Bachelors of Arts or Bachelors of Science under the year indicated; otherwise the record is under the earliest degree received.

The subjects in which Doctors of Philosophy and Doctors of Science obtained their degrees are indicated immediately after their names.
